UNIVERSAL WASTE APPLICATION

FOR CONDITIONALLY EXEMPT SMALL QUANTITY GENERATORS (CESQG)
To use Tompkins County's Household Hazardous Waste Management Facility (DEPOT)

Please read first: State and federal laws exempt some commercial hazardous waste generators from strict waste management regulations, based on the amount of hazardous waste generated and stored. To be considered a conditionally exempt small quantity generator (CESQG), you must:

 Produce less than 220 pounds or 28 gallons (100 kilograms) – approximately ½ of a 55-gallon drum of hazardous waste (“hazwaste”) in any given month; or no more than and about 2.2 pounds or 1 kilogram, of acutely hazardous waste in any calendar month.

 You must also never accumulate more than 2,200 pounds (1,000 kilograms) – approximately 5 drums of hazwaste on your property.

 For assistance in determining your eligibility as an exempt generator, please call either the New York State Department of Environmental Conservation at 800-452-1925 or the Tompkins County Department of Recycling and Materials Management at 607-273-6632.

Once CESQG status is established, complete the application below and send it to: ATTENTION: HHWMF, 122 Commercial Ave., Ithaca, NY 14850, or email it to: pcowles@tom-pkins-co.org

Generator /Company /Organization Name		Business Type	
Address	City	State	Zip
Contact Person	Phone #	Fax #	
E-mail Address	EPA ID #	Permit Number	

I certify that the materials offered for disposal originated from a business, institution or farm classified as a conditionally exempt small quantity generator, as defined above and by 6NYCRR Part 372.1(e)(1)(I), from within Tompkins County, and are not from any residence or source other than defined above.
